

# Go Ahead

Alicia Keys

Ohhhhhhhhhhhhhhhhhhhhhhh  
Ohhhhhhhhhhhhhhhhhhhhhhh  
Ohhhhhhhhhhhhhhhhhhhhhhh  
Ohhhhhhhhhhhhhhhhhhhhh (4x)

1. Broken promises  
My heart you stole  
Lies you told  
Got the best of me  
Digging in my heart of gold  
Used to look at you  
And see the possibilities  
I see you for who you are  
Boy you've disappointed me

I thought you gave me love  
Was never near enough  
Soon enough time reveals  
The weight of what is real  
Know all I need to know  
Boy see you got to go  
What have you given me?  
But lies lies

R: Go head go on and get up out of here  
Go head baby  
You knew you was wrong  
You knew all along  
Must be crazy  
If you think I'm gone fall for this anymore

Everybody say no no no no no  
Everybody say no no no no no

2. Used to believe in every word you said  
Clouds my head  
Leaving me here to drown  
Hopes and dreams left for dead  
You point your finger  
Trying to justify your mistakes  
A change is goin to be made  
So you best be on your way

I thought you gave me love...

R: Go head go on and get up out of here...

No need to apologize  
Don't try to make it right  
I know  
I should known betta  
When you took hold  
I was sold  
Using fear to control  
Now it unfolds  
Let me tell you right now  
What I'm gonna do

Imade up my mind  
Its time and I'm through with you  
Nothing you can say or can do  
Can make me change me mind

R: Go head go on and get up out of here...
