

Lesson Learned

Alicia Keys

He broke my heart
and now it's raining
Just don't rub it in
I'm at your door
I feel so crazy bout'
You say I told you so
You saw it long ago
You knew he had to go
I finally came around
I'm back on solid ground
Can't let it get me down

(2x)

It's alright
it's alright
It's alright
It's alright

Yes I was burned but I called it a lesson learned.
Steak a return so I call it a lesson learned.
My soul has returned so I call it a lesson learned.
Another lesson learned

Sometimes some lies can
take a minute to fully realize
His tears your?
30 seconds to apologize
You give him one more chance
just like the time before
but he already knows you'd give a hundred more
until that night in bed, you wake up in a sweat
Your racing to the door
Can't take it anymore

I was burned but I call it a lesson learned
I steak a return but i call it lesson learned.
My soul has returned so I call it a lesson learned.
Another lesson learned....

Life perfect, aint perfect if you don't know what the struggles for
Falling down aint falling down if you don't cry when you hit the floor
It's called the past 'cause im getting past
and i'm nothing like I was before.
You ought to see me now.

I was burned but I call it a lesson learned
I steak a return but i call it lesson learned.
My soul has returned so I call it a lesson learned.
Another lesson learned....
