## My Boo

There's always that one person That will always have your heart You'll never see it coming Cause you're blinded from the start Know that you're that one for me It's clear for everyone to see Ooh baby ooh you'll always be my boo

I don't know bout cha'll But I know about us and uh This is the only way We know how to rock I don't know bout cha'll But I know about us and uh This is the only way We know how to rock

Do you remember girl I was the one who gave you your first kiss Cause I remember girl I was the one who said put your lips like this Even before all the fame and before Screaming your name Girl I was there when you were my baby

It started when we were younger You were mine my boo Now another brother's taking over But it's still your eyes my boo Even though we used to argue it's alright my boo I know we haven't seen each other In awhile but you will always be my boo

I was in love with you when we were younger You were mine my boo And I see it from time to time I still feel like my boo And I can see it no matter How I try to hide my boo Even though there's another man in my life You will always be my boo

Yes I remember boy Cause after we kissed I could only think about your lips Yes I remember boy The moment I knew you were the one I could spend my life with Even before all the fame And people screaming your name I was there and you were my baby

It started when we were younger You were mine my boo Now another brother's taking over But it's still your eyes my boo Even though we used to argue it's alright my boo
