

# The Life

Alicia Keys

1. Everyday I realize that this might be the last day of my life

Walkin down the streets I find (heyyyyy)  
I'm coming closer and closer to losing my mind  
Cause when it rains, it pours  
Isn't life worth more?  
I don't even know what I'm hustlin for  
You gotta do what you gotta do  
Just to make it through  
All the hard times that's gonna face you

R: /: This is the life  
    (This is the life)  
    Striving to survive :/  
This is the life

2. Living will always be a struggle  
Looking for someone true to love you  
Looking back I see all the horrors  
This madness makes me wanna hide  
I watch slowly, internally  
I'm dying  
Pillowcases wet from all my crying  
Cause there is nothing more to be here for  
Take me away  
I can't live that life no more

R: This is the life... (4x)

This is the life  
Yeah (6x)
