

# The Thing About Love

Alicia Keys

Love  
love will come find you  
just to remind you  
of who you are

Hold on  
it will forsake you  
threaten to break you  
take what you got

Everybody laughs  
everybody cries  
sure it could hurt you baby  
but give it a lil try  
see that's the thing about love

Friends  
sometimes will blind you  
sneak up behind you  
you cant give enough

Then life  
it will embrace you  
totally amaze you  
so you don't give up

Everybody laughs  
everybody cries  
sure it could hurt you baby

But give it a lil try  
see that's the thing about love

Don't tell me that i'm not the only that's going thru it all  
ohhh sometimes i feel like i'm the only that's going thru it all  
but its time  
oh its time  
for me to shine  
hey  
its my time  
oh its time  
for me to shine

It's my time  
said its my time  
for me to shine  
it's my time  
it's bout time  
for me to shine

Everybody laughs  
everybody cries  
sure it could hurt u baby  
but give it a lil try  
that's the thing about love  
that's the thing about love  
that's the thing about

that's the thing about love
