

## This Bed

Alicia Keys

Here I am  
And I been thinking about you lately  
Hold my hand  
Cause I been missing you like crazy

Don't wanna go all night,  
Every single night  
Wishing we could do it, oh (Do it Right)  
Do me Right  
Come and hold me tight, we dont need to fight  
Wanna spend my life with you, every night  
Oh baby..

R: This bed  
Is too lonely without you (Baby)  
Don't wanna hold my pillow, I wanna hold you  
Please be beside me  
...  
...  
...  
This bed  
Is too lonely without you

So why dont we  
Go inside where we can be together  
You, me, morning, any day  
Wanna be with you forever

Don't wanna go all night...

R: This bed...

You know when it starts to get late  
And its time to go to sleep, I  
I dont know what to do  
Cause i dont wanna hold my pillow  
I wanna hold you

Don't wanna go all night...

R: This bed...
