

# Death Day

## Alien Ant Farm

I slowly shoot these words like weapons  
And go insane  
I watch you drive your stupid car  
You go away

You never were one to use caution  
And you're gonna pay  
You know I'd love to see it happen  
I always tried to keep you near me  
without the pain  
I love to tie us into knots  
We slipped away  
I tried to captivate you on that evening  
he was leaving, with the girl i'd love to kill

Happy Death Day to you , baby  
I know you're flying in the blue now  
We'll be together real soon now, baby, don't you worry  
Papa's got a brand new body bag for you

Cable cars run through my mind  
Reminiscent Bay  
i think of north on Valentine  
I wish you'd stay  
You never were one to use caution  
It slipped away  
I somehow knew this would happen

Happy Death Day to you , baby  
I know you're flying in the blue now  
We'll be together real soon now, baby, don't you worry  
Papa's got a brand new body bag for you

And I got a fresh new kind of attitude

I slowly shoot these words like weapons  
And go insane  
I watch you drive your stupid car  
You go away  
You were never, you never were  
You know I'd love to  
See it happen, yeah

Happy Death Day to you , baby  
I know you're flying in the blue now  
We'll be together real soon now, baby, don't you worry  
Papa's got a brand new body bag for

Happy Death Day to you , baby  
I know you're flying in the blue now  
We'll be together real soon now, baby, don't you worry  
Papa's got a brand new body bag for

Daddy's got a brand new body bag for you  
And he ain't ever ever coming back to you
