

Denigrate

Alien Ant Farm

I didn't get you anything, don't take it personally
I won't shower you with gifts, I don't bring that kind
And I'm broke besides

She denigrates while I save
Enough change to buy her things
You don't act like a queen

And this year has been a climb
To show for it, I don't got a dime
If things could be different I'd have it
But I can't so I won't and that's it
And I'm broke besides

She denigrates kill my fame
We innovate you stay the same
I don't want to see your face
The distance between us is getting strange

You'll soon be, you'll soon be on your own
You'll soon be, you'll soon be on your own

She denigrates while I save
Enough change to buy her things
You don't act like a queen
You're a bitch from what I've seen
