

## San Sebastian

Alien Ant Farm

Been losing sleep around you  
Don't know just how I found you  
We swam in San Sebastian  
Broken necks and halo traction  
We swam in San Sebastian...

Hearing something not right in your tone  
Got a feeling that you're not quite on your own  
I swim in San Diego  
Tie these bricks to my legs and let go  
Tie these bricks to my legs and let go...

Been losing sleep around you  
Don't know just how I found you  
Been losing sleep around you  
Don't know just how I found you  
Please. Don't. Leave. (2x)  
I swim in San Diego  
Tie these bricks to my legs and let go!

So I'll go through this again  
Hear you say that we're just friends  
I'll drown in a thousand lakes  
If it means that you'll miss me

Been losing sleep around you  
Don't know just how I found you  
Been losing sleep around you  
Don't know just how I found you  
Please. Don't. Leave. (2x)  
I swim in San Diego  
Tie these bricks to my legs and let go!
