```
I - I - I - I wish I woz
from Another Planet
and I could get back there
anytime I wanted.
There ain't much here to
stop me from leaving
There ain't much here that
would cause me too much
grieving.
I know you enjoy kicking sand in my face
So I've lost faith with the human race.
I - I - I - I wish I woz
from Another Planet
I - I
Nothing ever changes except
the clothes you wear
If the colour keeps on changing
Honey you won't have no hair
Everyone has their
problems, I try to listen
But we always end up
In the same position
I - I - I - I wish I woz
from Another Planet
The earth ain't bad
Just the bastards on it
I - I - I - I
Wish I woz from Another Planet
Another Planet
I gotta get back there
Another planet
I - yi - yi - y - yi - the beat is crazy
Oh!
I - wish I woz from Another Planet
I - wish I woz from Another Planet
I - wish I woz from Another Planet
I gotta get back there
I gotta get back there
I gotta get back there
```

I gotta get back.
