

Dead And Buried

Alien Sex Fiend

All that's created went on before
Burn your art out like some cheap old whore
You're all old and boring now
All the milk's been taken from the cow

D-D-D-Dead and buried
D-D-D-Dead and buried

Switched myself to ajax
Ain't high but I'm clean
Never eat anything
With the face on it
Know what I mean

D-D-D-Dead and buried
D-D-D-Dead and buried

The living ain't easy
The living ain't clean
Makes me hot, makes me naked
Makes me feel just plain obscene

D-D-D-Dead and buried
D-D-D-Dead and buried
Dead

Now we're all onboard
The mistery train
Don't know where we're going
And if we did it's all the same

D-D-D-Dead and buried
D-D-D-Dead and buried

Asthma attack in a purple haze
Your cards are numbered
And so're your days

Dead!
Buried!

Asthma attack in a purple haze
Your cards are numbered
And so're my days

The living ain't easy
The living ain't clean
Just makes me feel plain obscene

Dead and buried
Dead and buried
