

Going Down

Alisha's Attic

And I wonder if I am ever gonna feel the same
It's the strangest feeling
Like being empty when you're really full
And it's a grumble inside
Like the halo just slipped
Cause I'm looking around and I shouldn't
No I shouldn't

Oh and I lie
Oh I'm guilty inside

Am I going down?
Am I going down?
I've been a bad bad girl
Am I going down?

And I'm thinking if maybe I like it when you are angry
It's the strangest feeling
Like being kicked when you're already down
It's the devil in me, says a girl that's not satisfied
Is a girl that's not free

And I shouldn't be so picky
Oh this can't be right, ooh
Oh I feel like sinning tonight

It's like being drunk when I should be staying sober
It's the devil in me and the liking to be free
It's the liking to be free
