

I've Got That Old Feeling

Alison Krauss

No matter what I say or do
I just can't seem to get inside your heart
What have I done wrong?

Lately you're so far away
You just don't seem to hold me like you used to
Somethin's goin' on

I've got that old feelin'
You're leavin'
I'm so tired of good-bye
I can't wait on your love forever
While you change your mind

Mornin' finds us face to face
I feel you starin' through me while I'm talkin'
What's come over you?

I feel your looks I recognize
The same old looks that said good-bye the last time
Somethin' I'm used to

I've got that old feelin'
You're leavin'
I'm so tired of good-bye
I can't wait on your love forever
While you change your mind

I've got that old feelin'
You're leavin'
I'm so tired of good-bye
I can't wait on your love forever
While you change your mind

No matter what I say or do
I just can't seem to get inside your heart
What have I done wrong?

Lately you're so far away
You just don't seem to hold me like you used to
Somethin's goin' on
