

## Wish I Still Had You

Alison Krauss

Walking out on me must be the way  
You show me how it feels to be her  
I realize the fault is mine  
I'm getting everything that i deserve

It's over and older the tears seem much colder  
Sunshiney days seem to be so blue  
It's over and older the tears seem much colder  
Each passing day I wish I still had you

My troubles would be all over now  
If I could only get you off my mind  
And I would give a fortune now  
If I could only hold you one more time

It's over and older the tears seem much colder  
Sunshiney days seem to be so blue  
It's over and older the tears seem much colder  
Each passing day I wish I still had you

It's over and older the tears seem much colder  
Sunshiney days seem to be so blue  
It's over and older the tears seem much colder  
Each passing day I wish I still had you

It's over and older the tears seem much colder  
Sunshiney days seem to be so blue  
It's over and older the tears seem much colder  
Each passing day I wish I still had you

Each passing day I wish I still had you
