

# Love Is More Than Just Another Four-letter Word

All 4 One

I wanted to talk to you - pick up the phone  
I don't want to be alone  
Said i need someone to hold on tight  
Get ready for this magical ride

Helplessly i'm falling so deep  
What am i supposed to do  
Love's too big a word, baby to hold inside  
I tried and tried, but i just can't find the love

Love is more than just another 4-letter word  
Can't fight the feeling, no matter what you do  
Love is more than just another 4-letter word  
If you're not careful, it's gonna get you too

Today were together - tomorrow we're apart  
This how our daily life goes  
It really doesn't matter, baby, what's going on  
We're still in love - everyone knows

If i need a helping hand i can count on you  
Mornin' noon or evenin' time - it's always the same  
You'll always be there - i can count on you

Love is more than just another 4-letter word  
Can't fight the feeling no matter what you do
