Love Is More Than Just Another Four-letter Word

All 4 One

I wanted to talk to you - pick up the phone I don't want to be alone Said i need someone to hold on tight Get ready for this magical ride

Helplessly i'm falling so deep What am i supposed to do Love's too big a word, baby to hold inside I tried and tried, but i just can't find the love

Love is more than just another 4-letter word Can't fight the feeling, no matter what you do Love is more than just another 4-letter word If you're not careful, it's gonna get you too

Today were together - tomorrow we're apart
This how our daily life goes
It really doesn't matter, baby, what's going on
We're still in love - everyone knows

If i need a helping hand i can count on you Mornin' noon or evenin' time - it's always the same You'll always be there - i can count on you

Love is more than just another 4-letter word Can't fight the feeling no matter what you do Love is more than just another 4-letter word If you're not careful, it's gonna get you too
