

# Something About You

All 4 One

Something about you baby  
That makes me wanna hug ya (hug ya) love ya (love ya)  
Something about you baby  
That makes me wanna know ya (know ya) show ya  
That i only wanna be with you  
Something about you baby  
Something about you baby

We just got off the phone  
I went and wrote this song  
'cause girl you inspire me  
You left this kind of love  
That's really let's me know  
You're not the average lady

So baby i wanna tell you that i love you so  
And that i'm different than the average joe  
'cause girl you touch me in that special way  
That's why i wanna tell ya that i'm here to stay

Something about you baby  
That makes me wanna hug ya (hug ya) love ya (love ya)  
Only wanna be  
Something about you baby  
That makes me wanna get to know ya (know ya) show ya  
That i only wanna be with you  
Something about you baby  
Something about you baby

Oh, baby can't you see  
I want you here with me  
Forever and a day (a day)  
'cause girl you're so fine  
You got me mezmorized  
Just by the way you carry yourself  
So can i spend some time alone with you  
And show you all the thing i wanna do  
Like take you out and have a real good time  
'cause girl i can't get you off of my mind

Something about you baby  
That makes me wanna hug ya (hug ya) love ya (love ya)  
Only wanna be  
Something about you baby  
That makes me wanna get to know ya (know ya) show ya  
That i only wanna be with you  
Something about you baby  
Something about you baby  
Something about you baby

So can i spend some time alone with you  
And tell you all the things i wanna do  
Like take you out and have a real good time  
'cause girl i can't get you off of my mind

Something about you baby  
That makes me wanna hug ya (hug ya) love ya (love ya)

Only wanna be  
Something about you baby  
That makes me wanna get to know ya (know ya) show ya  
That i only wanna be with you  
Something about you baby  
Something about you baby  
Something about you  
Only wanna be with you...
