

Ascent Descent

All About Eve

I've got a head for heights now
I can see the sights now
And I want it right now
And how.....
But it's the wrong way round
And it's a long way down
To the ground
But it's the wrong way round
Backs to the wall now
You say I'll fall now
'Cause I want it all now
And how.....
But it's the wrong way round
And it's a long way down
To the ground
But it's the wrong way round
