

## Gypsy Dance

### All About Eve

Leave me here where I can do no wrong  
It is night-time  
And their fires burn  
All that matters here is song and dance  
It is my time  
And their hearts, they burn

In a circle, in a ring  
Gypsy dance, gypsy sing  
Gypsy dance to a tambourine  
In fields of green

Promises of fate and destiny  
Old woman... I don't want to know  
Anything tomorrow brings will be  
When this hour is yesterday's ghost
