Ha Ha Ha Ha Laugh out loud [Nat & Nic] (Ha ha ha) Ha Ha Ha Ha Laugh out loud (Ha ha ha, can you hear me')

The day I left my mother and my father and my sister Lookin' for a job to pay the rent and buy my dinner I found it so boring

You see my life revolved around a long term lover Music was the same I had no time for any other....interest This was my whole life

"You can't sing, [Mel & Nat] if you want to make a living Stop dreaming", [Mel & Nat] as a little girl I would listen to them say I just kept smiling Oh now I'm a sing it now!

One two what's a girl to do' I said 3, 4 I'm gonna laugh some more (can you hear me laughing') I'm gonna 5, 6 get in the stitch You'll never know you'll never ever break me baby

One two what's a girl to do' I said 3, 4 I'm gonna laugh some more (its just so funny) I'm gonna 5, 6 get in the stitch You'll never know you'll never ever break me baby

Now times have changed I found myself involved with another Still tryin' to forget the game without goin under...slowly Yet I'm still gooococooin (still going)

I can't believe the way some people want to stomp on others Tryin' to take away a sense of pride, must be fulfillin' If you got no feeling

You can't sing [Mel, Nat & Nic] I thought I already told y'all that Stop dreamin' [Mel, Nat & Nic] Now get yourself back into class Can't you see what ever you are trying to achieve rewards in nothing'

One two what's a girl to do' I said 3, 4 I'm gonna laugh some more (can you hear me laughing') I'm gonna 5, 6 get in the stitch You'll never know you'll never ever break me baby

One two what's a girl to do' (ha ha, ha ha) I said 3, 4 I'm gonna laugh some more I'm gonna 5, 6 get in the stitch You'll never know you'll never ever break me baby

As I laugh Haaa Haaaa (Ha ha, ha ha ha) [Mel, Nat & Nic] You can kiss my ass All you guys thought I'd live a nonexistent life That's right you thought I might not make it on my own Got my own car, gold cards, I own my own home

All Saints

Got to be effective, livin'' my dreams (Ha ha, ha ha ha) [Mel, Nat & Nic] Those inhibitions I had to achieve Try to ruin me you can't pull me down So I'll prove you wrong and sing my song When you pass I'll do a laugh

As you bring me down (ha ha ha I start to laugh a little louder baby) I just laugh out loud (start to laugh a little harder honey) You still on the ground (ha ha ha if you still on the ground) As I laugh out loud (can you hear me')

One two what's a girl to do' I said 3, 4 I'm gonna laugh some more I'm gonna 5, 6 get in the stitch You'll never know you'll never ever break me baby
