

Let's Get Started

All Saints

C'mon now, now,
Oooooohhhhhhhhhhhhh,
Started, hey.....
Rap (By Shaznay):
Hey, what's up? Gather round,
Everybody get down,
It's time for the best party track in town,
Kicking it live, keeping it real,
Vibin on time, yeah, you know how we feel,
You gotta get up and move side to side,
You've gotta release and do it right,
Its a funkadelic beat to a funkadelic song,
Still kicking it live, with the main man Jon,
Saints in da house, you're doing it right,
Cold rock a jam and party all night,
So lets get started baby, you and I,
Go on with your bad self, dance all night,
So can you feel it, I can feel it hey,
Can you feel the beat, feel the bass drum boomin in your feet,
Hear the snare drum tapping in your ear,
You've gotta get up, gotta move your rear.
That's the way this heart is a feelin for you,
Coz no one does it better,
No, there ain't no town just what I wanna do,
So won't you let me sweat ya?
Let's get started, let, if you wanna party, let,
Baby it's just you and me, I got what you need,
Don't conceal it, tell me can you feel it, let,
Won't you let me led the way,
Coz I wanna be your baby for life.....
Oooooohhhhhhhhh,
C'mon everybody, if you're here to party,
Get down, get down,
Oooooohhhhhhhhhhh,
If it's gonna take all night,
Mr DJ save my life, c'mon and get down.
That's the way this heart is a feelin for you,
Coz no one does it better,
No, there ain't no town just what I wanna do,
So won't you let me sweat ya?
Let's get started, let, if you wanna party, let,
Baby it's just you and me, I got what you need,
Don't conceal it, tell me can you feel it, let,
Won't you let me led the way,
Coz I wanna be your baby for life.....
Rap (By Shaznay):-
So on and on, on and on and on,
Check it, check it, check it out,
To the break a break a down,
As the bass drum stick it to your ear,
Can you hear? move your rear,
Want your body to the beautiful snear,
Guys grab a girl and take her from the back,
Give it up, give it up, coz we like it like that,
Or girls grab a guy, showing that you ain't feeling shy,
Keep it going as the bridge comes back in time.
If it's right, we could be, starting up, you and me,

Get it on, what I need, DJ play that song for me,
Time is right, in the mood, stepping with the old skool,
Lets get, lets get.....
That's the way this heart is a feelin for you,
Coz no one does it better,
No, there ain't no town just what I wanna do,
So won't you let me sweat ya?
Hey, oh yeah, lets get started,
I say baby, awoh, somebody gotta treat me right,
Let's get started,
Let's get started, let, if you wanna party, let,
Baby it's just you and me, I got what you need,
Don't conceal it, tell me can you feel it, let,
Won't you let me led the way,
Coz I wanna be your baby for life.....
Repeat Chorus 'till fade.
Hey, Mr DJ, won't you play that song?
We go on and on and on,
Hey, Mr DJ, won't you play that song?
We go on and on.
Repeat above verse 'till fade.
Are you watching me?
Its just you and me,
There is, there is, yeah.....
