

# War of Nerves

All Saints

Monday on the line when you know that now's the time  
To leave and be free aware of your destiny  
When that moment arrives worlds visions through the mind  
And all I see is what used to be  
My life consumed be a memory

I don't ever want to feel pain  
want to be ready when you call my name  
I don't ever want to feel fear  
'Cause every night feels alright when you're near

Battle through this wall of nerves when your life it takes a turn  
What I have is what I feel well in my mind your lying here  
Fear that on holy trail there's a piece of me in all he said  
All kinds are fixed up inside my head  
The stage freight in my own bed (Ahh ahh)

I don't ever want to feel pain  
want to be ready when you call my name  
I don't ever want to feel fear  
'Cause every night feels alright when you're near

Don't wannabe like a voice without words  
( 'Cause I need you here with me)  
Don't wannabe unwilling this way (Will I suppress my fears)  
And will I be, this war of nerves

I don't ever want to feel pain  
want to be ready when you call my name  
I don't ever want to feel fear  
'Cause every night feels alright when you're near  
I don't ever want to feel pain  
When it's over will I feel the same  
I don't ever want to feel fear  
This war of nerves that I reserved  
For when you're here  
I don't ever want to feel pain  
I'm feeling hurt but I feel no shame  
I don't ever want to feel fear  
Do I deserve these cruel words we have here
