For fear, my eyes are closed I'll shut this out no more Embrace this and I become the catalyst And now it swells in me Smash all my defenses down I'll take this, I'll let this fire consume me I will not, I will not I will not fall, I will not fail I pound the walls, I shake the cage I will not fall, I will not fail Let this fire consume me This burning passion, it fills me with desire And drives me and it drives my cause I'm filled with reasons my reasons drive me further Disdain for disbelief will stay the course Oh, let the fire consume me Let the fire burn Let the courage flow through me Let the fire burn I pound the walls, I shake the cage I will not fall, I will not fail I pound the walls, I shake the cage I will not fall, I will not fail Oh, let the fire consume me Let the fire burn Let the courage flow through me Let the fire burn

Let the fire consume me
