

## Behind Silence and Solitude

### All That Remains

You face me in silence and hope is in your eyes  
Unspoken yet pleading you wait for my reply  
Alone now I tremble in want of your embrace  
Let not tears fall for me, let me show the way

Don't know why you have such belief in me  
To justify this I'd try eternally  
I will not forget what you've done for me  
Shed not a tear I'll be with you endlessly

How I wish I could say  
What you want to hear  
Long ago I swore that I'd always keep you near  
I know now it seems like my vow was empty then  
But in time you will see I'd do it all again

I lie back close my eyes again  
The dreams are there  
My last chance slipped away  
You'll never know I cared  
I count this with reason as most of my regret  
Now I hope you can see that I will not forget
