

Hold On

All That Remains

Don't touch me I don't wanna feel your skin
I know that you're only gonna hurt me
I hear you I don't wanna do it again
Cause we both know this is not a passing trend

All along a failure to connect or to compromise
Right or wrong it's easy to react time to realize no more

And you keep talking but we both know it's not true
I still know, that you're wrong
And no matter what we both had to go through
I just can't I can't hold on.

I can't hold on
We can not waste our lives this way
How far we've fallen when the road before us leads apart

And you keep talking but we both know it's not true
I still know, that you're wrong
And no matter what we both had to go through
I just can't I can't hold on.
And when you asked if I believed and I told you
strange how that made me strong
but I can't feel a thing that I used to
and I can't I can't hold on.

Come get some!

And you keep talking but we both know it's not true
I still know, that you're wrong
And no matter what we both had to go through
I just can't I can't hold on.
And when you asked if I believed and I told you
strange how that made me strong
but I can't feel a thing that I used to
and I can't I can't hold on.
