

## It Dwells in Me

### All That Remains

Now hold this tight  
Don't let go  
No burden  
I can't forget the past is real  
No longer fight this feeling  
No burden  
I can't erase what you've become this time

I cast doubt (No longer)  
I am able, I am strong  
And now it dwells in me

True to this cause I hunger  
I count the days that pass me by  
I'll do what I know is right  
No failure shall befall me this time

I cast doubt (No longer)  
I am able, I am strong  
And now it dwells in me

I cast doubt (No longer)  
I am able, I am strong  
And now it dwells in me

I cast doubt aside  
I cast doubt aside  
I cast doubt aside (Cast doubt aside)  
I cast doubt aside

I cast doubt (No longer)  
I am able, I am strong  
And now it dwells in me

I cast doubt (No longer)  
I am able, I am strong  
And now it dwells in me

I'm strong and it dwells in me.  
I'm strong and it dwells in me  
I cast doubt aside

I'm strong and it dwells in me
