

Louder

All That Remains

You're not as smart as you think you are

Spin doctor, shit talker
I make the rules you ain't got nothing on me

That clever line only gets you this far

Spin doctor, shit talker
Don't think your straw man means a damn thing to me

You're loud, I'm louder
You're weak, I'm power
Go ahead and try to paint me red
Cause I'm like no one that you've ever met
You're loud, I'm louder

The truth is loud no matter where you hide
Sleep walker, fear monger
You may not hear me but you will in time
Sleep walker, fear monger

You're loud, I'm louder
You're weak, I'm power
Go ahead and try to paint me red
Cause I'm like no one that you've ever met
You're loud, I'm louder

You're loud, I'm louder
You're loud, I'm louder

You're loud, I'm louder
You're weak, I'm power
Go ahead and try to paint me red
Cause I'm like no one that you've ever met
You're loud, I'm louder

You're loud
You're loud
