

Dark Side of Your Room

All Time Low

This moment feels like an echo
We've done this dance a thousand times
You say I need a refill
And twist me up till we blur the lines

Girl, you make a fool of my heart
You don't know what you do to me

With nights like these
Who needs the days
I shut my eyes
And sleep them away
I'm on the dark side of your room
With the notches on your bedpost

With friends like you
Who needs friends
I shut my mouth
And we do it all again
I'm on the dark side of your room
With the notches on your bedpost
With the notches on your

This scene is so complicated
Are these your friends or are they mine?
They love how you stir me up, up
Leave me burning like the LA fires

Girl you make a fool of my heart
You don't know what to do to me, do to me

With nights like these
Who needs the days
I shut my eyes
And sleep them away
I'm on the dark side of your room
With the notches on your bedpost

With friends like you
Who needs friends
I shut my mouth
And we do it all again
I'm on the dark side of your room
With the notches on your bedpost
With the notches on your bedpost

Girl you make a fool of my heart
You don't know what to do to me in the dark

With nights like these
Who needs the days
I shut my eyes
And sleep them away
I'm on the dark side of your room
With the notches on your bedpost
With the notches on your bedpost

With friends like you
Who needs friends
I shut my mouth
And we do it all again
I'm on the dark side of your room
With the notches on your bedpost
With the notches on your bedpost

With friends like you
Who needs friends
I shut my mouth
And we do it all again
I'm on the dark side of your room
With the notches on your bedpost
With the notches on your bedpost
