

# Do You Want Me (Dead?)

All Time Low

I let it ride on a bad bet  
I doubled down on a sinking ship  
I need a second to catch my breath  
Do you want me  
Or do you want me dead?

Oh, give it up for at least a second  
I'm getting sick of your bullshit attitude  
And how you walk around like you shine brighter  
It's killing me  
So what do you say?  
Do you want me  
Or do you want me dead?

I've got my hands up (Yeah)  
I'm staring down the barrel of a loaded night (Loaded night)  
I've got my hands up (Yeah, yeah)  
So do you want me  
Do you want me dead?

You're trigger-happy at harbor side  
You're taking shots at the strangers passing  
There's no such thing as a perfect crime  
Don't play that  
You've said it enough  
'Cause you want me  
Or you want me dead

I've got my hands up (Yeah)  
I'm staring down the barrel of a loaded night (Loaded night)  
I've got my hands up (Yeah, yeah)  
So do you want me  
Do you want me

Dead set on a getaway  
I'm dead set on a getaway  
I'm dead set on a getaway  
I'm dead set on a getaway

I let it ride on a bad bet  
I doubled down on a sinking ship

I've got my hands up (Yeah)  
I'm staring down the barrel of a loaded night (Loaded night)  
I've got my hands up (Yeah, yeah)  
So do you want me  
What you say?

I've got my hands up (Yeah)  
I'm staring down the barrel of a loaded night (Loaded night)  
I've got my hands up (Yeah, yeah)  
So do you want me  
Oh, oh  
Do you want me  
Do you want me dead?
