

We always say that we'll keep in touch,
nobody does, but it don't matter much
One last call at the corner store,
night's on ice if we don't score

One more time for second chances
We just want to do some damage

So long, so nice to know ya, nice to know ya
I'm sorry to say
We can't go back to yesterday
But this night is far from over, far from over
Let's get carried away
I can't go back to yesterday

Call out the names that you used to know
sing it along in broken stereo
Crossfire that you can't ignore
I know I'm not around much anymore
Anymore

One more time for second chances
We just want to do some damage

So long, so nice to know ya, nice to know ya
I'm sorry to say
We can't go back to yesterday
But this night is far from over, far from over
Let's get carried away
I can't go back to yesterday

One last time for old time's sake
One more bend before we break

Just one more time as if we planned it
We just want to do some damage

So long, so nice to know ya, nice to know ya
I'm sorry to say
We can't go back to yesterday
But this night is far from over, far from over
Let's get carried away
I can't go back to yesterday

One last night for old time sake
One more bend before we break
