

# The Beach

All Time Low

Well, you're a long walk from my street  
And I'm dying in this summer heat  
I hope like hell you're waiting, waiting

Everybody's living like they're crazy in love  
I'm a dizzy mess, and everything is so above me  
From the floor of any life I lead today

Well, they can take, take, take the kids from the summer  
But they'll never, never, never take the summer from me  
It was the very first time that I lost my mind for a week  
They can make, make, make me forget the weather  
If we'll never, never, never wash the sand from my feet  
It was the very last time that we said goodbye to the beach  
Showing off, showing off our teeth

So make one last call back home  
Cause tonight we go in alone  
And I hope that you know I'm waiting, waiting  
(Summer, do you feel me?)

Everybody's singing like they're crazy in love  
We made a dizzy mess of everything and it was enough  
So bring all the boys and all the girls together

Well, they can take, take, take the kids from the summer  
But they'll never, never, never take the summer from me  
It was the very first time that I lost my mind for a week  
They can make, make, make me forget the weather  
If we'll never, never, never wash the sand from my feet  
It was the very last time that we said goodbye to the beach  
Showing off, showing off our teeth

You're going out in style  
And I'm getting tired of all your lying  
(Summer, do you feel me?)  
Stop pretending  
Stop, the answer's in the smile  
And I'm coming clean  
(Summer, do you feel me?)  
Just give me something  
(Summer, do you feel me?)  
Stop pretending

Well, they can take, take, take the kids from the summer  
But they'll never, never, never take the summer from me  
It was the very first time that I lost my mind for a week  
They can make, make, make me forget the weather  
If we'll never, never, never wash the sand from my feet  
It was the very last time that we said goodbye to the beach  
Showing off, showing off our teeth
