

Too Much

All Time Low

I admit, I miss seeing your face babe, (seeing your face babe)
And being alone is starting to take its toll, (toll)
I'm cold and it's getting old, (getting old)
I admit, (I admit) I should have made some changes. (changes)
We were so smothered in love,
We didn't have a chance to come up for air (no fair)

What a waste, where did the time go?
Where did our minds go? I don't know.
What's this place? Where did our home go?
We won't know, I don't know.

Too much of anything is too much,
Too much love can be too much,
We had too much time, too much us,
So we fought like tomorrow was promised
Too much, too much, too much, too much
Too much, too much, too much, too much
Much, much too much

I admit, I'm still watching the days go by, (watching the days go by)
And sleeping alone is starting to break me down. (down)
It's cold, but I should have known. (should have known)
I admit, (I admit) I made a few mistakes, babe, (babe (3x))
We were so caught up in love,
We didn't have a chance to come up for air...

What a waste, where did the time go?
Where did our minds go? I don't know.
What's this place? Where did my heart go?
We'll never know, I'll never know...

Too much of anything is too much,
Too much love can be too much,
We had too much time, too much us,
So we fought like tomorrow was promised
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Much, much too much

I need to find a reason to feel,
Like everything was meant to be let go,
Take it slow, 'cause I can't be on my own.

Too much of anything is too much, (it's just too much)
Too much love can be too much, (it's just too...)
We had too much time, too much us,
So we fought like tomorrow was promised
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Too much, too much, too much, too much
Much, much too much
