

Empire State

All-Time Quarterback

The entire empire state, it couldnt hold me back
Cause I was driving away from the faces that I couldn't even place

And that's alright and that's okay by me
And that's alright and that's okay by me

I've got a couple books on tape and a fresh pack of cigarettes

And if I think too much the words seem to disappear
So I'll take you up on the ferris wheel and simply grab your hand

And that's alright and that's okay by me
And that's alright and that's okay by me

I've got a couple books on tape and a fresh pack of cigarettes
That I've lit over twenty times and I guess I'll have to do it again
