

You can go kill yourself don't matter to me since  
i've finally put you out of my misery. i don't  
love you either, it only hurts when i breathe. i  
always knew you'd leave me, let you string me a  
long. i pretended to believe you so that i could  
write this song i'll get along, you'll see it only  
hurts when i breathe. and if i said forever, i  
stand corrected, disappointment is the price i  
paid for hope. love's a bloody wreck, just like i  
expected. i won't hold my breath waiting for you  
to come home. i'm happy alone, i like these four  
walls i'll sit by the phone, making sure that you  
don't call. i don't care at all, it only hurts  
when i breathe. and if i ever said forever i stand  
corrected...and alone love's a bloody wreck, just  
like i expected i won't hold my breath waiting for  
you to come home i'm doing o.k., got no  
complaints, i know you're no angel, god knows that  
i ain't no saint i'm feeling no pain, not me. it  
only hurts when i breathe. believe what you want  
to believe, i'm finally, actually, totally agony  
free, except.....
