Broken

I'm broken, fix me
Or "86" me
I've lost more than I ever knew I had
Felt this before, but it never hurt so bad
I'm broken, out of control

How much can I hate?
Let me count the ways
Bend until I break

I can't stand me
Or understand me
Wish I was crazy
Wish I was stupid
Or sorry... sorry

How much can I hate?
Let me count the ways
Bend until I break

I'm broken, fix me
Or "86" me
I've lost more than I ever knew I had
Felt this before, but it never hurt so bad
I'm broken, out of control

How much can I hate?
Let me count the ways
Bend until I break
