

## I'll Get There

All

Whatever happened to all my plans?  
All the fun I was supposed to have?  
Where did I go wrong?  
It passed me by!  
I let it slip away by working all the time,  
burning out my mind, wasting precious life!

It's still summer somewhere and I think I better go there  
(anywhere but here) This could be my last chance for me to change my life  
It's still summer somewhere and I really need to go there  
It's still summer somewhere and I'll get there

I let love walk out the door cause I don't know how to have any fun  
I pushed love out the door cause i'm never at ease with anyone  
no screen no phone no fax  
work will wait till i get back  
I'm gone so long I'm never coming back never going back

It's still summer somewhere and I think I better go there  
(anywhere but here) This could be my last chance for me to change my life  
It's still summer somewhere and I really need to go there  
it's still summer somewhere and I'll get there

It's gone for good not only until next year  
There will be no next year if i don't get out of here!

It's still summer somewhere and I think I better go there  
(anywhere but here) This could be my last chance for me to change my life  
It's still summer somewhere and I really need to go there  
It's still summer somewhere (anywhere but here)  
It's still summer somewhere (anywhere but here)  
It's still summer somewhere (any way) and I'll get there!
