## I'll Get There

Whatever happened to all my plans? All the fun I was supposed to have? Where did I go wrong? It passed me by! I let it slip away by working all the time, burning out my mind, wasting precious life! It's still summer somewhere and I think I better go there (anywhere but here) This could be my last chance for me to chan ge my life It's still summer somewhere and I really need to go there It's still summer somewhere and I'll get there I let love walk out the door cause I don't know how to have any fun I pushed love out the door cause i'm never at ease with anyone no screen no phone no fax work will wait till i get back I'm gone so long I'm never coming back never going back It's still summer somewhere and I think I better go there (anywhere but here) This could be my last chance for me to chan ge my life It's still summer somewhere and I really need to go there it's still summer somewhere and I'll get there

It's gone for good not only until next year There will be no next year if i don't get out of here!

It's still summer somewhere and I think I better go there (anywhere but here) This could be my last chance for me to chan ge my life It's still summer somewhere and I really need to go there It's still summer somewhere (anywhere but here) It's still summer somewhere (anywhere but here) It's still summer somewhere (any way) and I'll get there!
