

## 10 Drinks

Allday

I always remember that summer the clearest  
Thriller at blockbuster  
Zombie appearance  
I need a raise 'cause I'm hungry and dead broke  
They told me 'Nah nah' like the fruit that is yellow  
And I'm smoking crops with a beautiful scarecrow  
I wish you'd eat more, the weed doesn't help though  
I just keep on building, them boys just won't let go  
Her house big like 90's clothes, shit got an echo-echo  
And I'm spacey, Kevin  
And we racing, to heaven  
And I'm crazy, definitely  
Regressing  
Slide through shutter's on a late night  
Shots on shots like A.I  
The voices in my head gon' stay quiet, stay quiet, stay quiet, stay quiet

10 drinks in me, I'm drunk  
I left the party early tonight  
All those empty conversations  
I'm watching the cars and the trucks whizz by  
And I thought 10 drinks would hold me down, sort me out  
And I thought 10 drinks would hold me down, sort me out

I've loved and lost already  
It hurt and stopped already  
I did them shots already  
Every kind of pill popped already  
Been to mountain tops and valleys  
All messy, Mentos and Pepsi  
Woke up so far from anything  
With my head feeling awful heavy  
Hey man, you give a rapping junkie  
A bag of money  
He'll disappear, tell you the albums coming  
Now that's all I wanna say about the drug thing  
Should call this album nothing  
Said I'd amount to nothing  
And I slip through the shadows in the late night  
Shots on shots like A.I  
The voices in my head gon' stay quiet, stay quiet, stay quiet, stay quiet

10 drinks in me, I'm drunk  
I left the party early tonight  
All those empty conversations  
I'm watching the cars and the trucks whizz by  
And I thought 10 drinks would hold me down, sort me out

[Uber Driver (Allday) {Siri}:]  
I went to this nightclub at the city  
[?]  
I thought "ahh yeah I'll get pissed"  
Then I, yeah I was a good looking guy  
You know, I used to go out, pick up five girls at night  
Then I'd have orgies with my- that was a crazy guy  
Then I was standing at the bar and I bought my last drink

And I was thinking to myself "this has gotta be- you know,  
there's something wrong because I've been here drinking since,  
you know, it's been a hell of a while, and no money,  
so this is my last drink and I'm not drunk."  
By now I'd be sleazing around trying to take someone home  
And then I heard that same voice I heard  
[?]  
Said "turn around"  
I go "what", I said "you crazy"  
I go "oh no" and I started shaking man  
I turned around and I saw demons in this club man  
Like evil spirits, mate, inside this nightclub  
Demons, with my naked eyes, man. Things you can't see in the natural  
Serious, I wasn't hallucinating bro, I was straight as  
{In 300m use the right lane to take the state route 43...}  
(Yeah yeah yeah)  
And I saw this going into this one person...
