

Anything but Sober

Allday

I'm anything but sober, ah-ah-ah-ah, ay [x4]
Don't fuck with me

Too much stories in the house dog
Need to tell your boy settle down dog
Yeah my friends all suck at life dog
Can't go swearing just to rap dog
Take both K don't KO
Just see it out, breathe slowly
No 6K I will waste on a French raincoat
Yeah when I rap, lameos take note
So I'm chubby boy Northside Melbourne
Do something real, that's all I tell 'em
See me on the street and you walk by yelling
Cos your girl listen to me spinning all night sweating
Now I'm eating that pussy, getting on my Ellen
Born to be wild and I'm going side repping
Holy grail in my head, like I'm John Cleese
Talk to the fans not the police man

I'm anything but sober, ah-ah-ah-ah [x4]
Don't fuck with me

Get on my level get on my level
Bitch, show love to a Northside rebel
My friend told me he didn't like my songs
Blame it on the drugs let me write my wrongs
And I talk fashion tryna ride my wands
Rap really told me what the high life was
And I'm drunk right now as I write this
Here's a shout out to my vices
And I drink through every single crisis
At the arcade I'm reluctant
Yeah everything I do gotta smile fucking by this
You know the old me but I'm not him
We could die from a skylight
You know, eyes hurt from a skylight
You know, never sober I'm always drunk
I'm only telling you once
I'm upfront like Alexa Chung
Pick it up uh

I'm anything but sober, ah-ah-ah-ah [x4]
Don't fuck with me

I know you're gonna swear to hold me down
Don't fuck with me
[x2]

I'm anything but sober, ah-ah-ah-ah [x4]
Don't fuck with me
[x2]
