

Eternity

Allen-Lande

I know I'm not here alone
I can hear them sigh and moan
Though it's dark here
There's a presence I can feel
As the world spins round once more
Closing one more opened door
I find comfort in the words she used to say
So now I'm on my way

I, I have made my point for you to see
Still, all the borders seem so closed to me
I, I will try once more 'cause
I'm on the right way you see
Wait, I'll be waiting for eternity, I will

Maybe we can work this out
There's no need to scream and shout
I am standing here so hungry and so cold
One by one we fell apart
Though united in our hearts
Now I know that I have taken it too far
Breaking through the stars again

I, I have made my point for you to see
Still, all the borders seem so closed to me
I, I will try once more 'cause
I'm on the right way you see
Wait, I'll be waiting for eternity, I will

I, I have made my point for you to see
Still, all the borders seem so closed to me
I, I will try once more 'cause
I'm on the right way you see
Wait, I'll be waiting for eternity
I, I have made my point for you to see
Still, all the borders seem so closed to me
I, I will try once more 'cause
I'm on the right way you see
Wait, I'll be waiting for eternity, I will
