

# Obsessed

Allen-Lande

There's no reason why I can't stop now  
No explanation why I'm under this spell  
Can't seem to shake, can't seem to break my new habit  
I wonder if I am closer, closer to hell

I have found a new belief  
I have found something that really matters  
I can't feel any pain no more  
I can't see, I can't eat

I'm obsessed  
With a new world rising  
My kingdom will come  
I'm obsessed  
See the new light growing  
My empire will rule you all

I'm on a mission  
I don't know what's going on around me, no  
Haven't seen no light in so many days now  
Soon you will understand  
Soon you will see

I have found a new belief  
I have found something that really matters  
I can't feel any pain no more  
I can't see, I can't eat

I'm obsessed  
With a new world rising  
My kingdom will come  
I'm obsessed  
See the new light growing  
My empire will rule you all

I have found a new belief  
I have found something that really matters  
I can't feel any pain no more  
I can't see, I can't eat

I'm obsessed  
With a new world rising  
My kingdom will come  
I'm obsessed  
See the new light growing  
My empire will rule you all

I'm obsessed
