

Million

Allen Stone

Moving a million miles a minute
Slow slow slow
Your pace is dangerously close to the limit
Slow slow slow

Don't let time slip away
Tomorrow ain't here today

Wanna get loose?
Then just learn how to pivot
Slow slow slow
It's hard to lose fuckery
If you don't give it
Slow slow slow

Don't let time slip away
Tomorrow ain't here today

Hidden behind all the time that we keep
Years, months, weeks
I gotta find the right mindset for me
Time ain't free

Moving a million miles a minute
Slow slow slow
Your pace is dangerously close to the limit
Slow slow slow

Don't let time slip away
Tomorrow ain't here today

Hidden behind all the time that we keep
Years, months, weeks
I gotta find the right mindset for me
Time ain't free

Hidden behind all the time that we keep
Years, months, weeks
I gotta find the right mindset for me
Time ain't free
