

## Alexandra

Allie X

Feels so good to be with Alexandra  
Born in gray, but still she tries her best  
Brown hair to her waist, a porcelain face  
And a mannequined grace  
I tried but she ran away  
Could not keep her safe, Alexandra (Ooh)  
Alexandra

Oh, Alexandra  
Why did you leave me?  
We used to glow like copper newly shined  
Oh, Alexandra  
You've got to tell me  
Dear Alexandra, were you ever mine?
