

Catch

Allie X

All I needed was the medicine
And you came knocking like a doctor
Gave me the pill to take away the poison
Erase the writing on the wall
You stuck a needle right into that vein
You let me take it like a soldier
And for a while I could ignore the pain

My hands are tied behind the back
I'm paralyzed, my heart attacks
It seemed to me you are the one
Turns out you shut me up for fun

You got away with murder
Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH
Yeah, but you thought you got away with murder
Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH

I was devastated by the pain
But now I couldn't call the doctor
You gotta stop the forces in my brain
Gotta read the writing on the wall
It isn't easy getting in the vein
When you do it wrong
No one to take it, no one to take it

My hands are tied behind the back
I'm paralyzed, my heart attacks
I'm screaming, begging for the one
That won't just shoot me up for fun

You got away with murder
Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH
Yeah, but you thought you got away with murder
Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH

Wait until I catch my
Wait until I catch my
Wait until I catch my breath
Wait until I catch my
Wait until I catch my
Wait until I catch my breath

You leave me hanging out here for so long
When will I catch my breath
You leave me hanging out here for so long
When will I catch my breath

You got away with murder

Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH
Yeah, but you thought you got away with murder
Leave me at a loss for the words
Just wait until I catch my breath
WAIT UNTIL I CATCH MY BREATH

Wait until I catch my
Wait until I catch my
Wait until I catch my breath
Wait until I catch my
Wait until I catch my
Wait until I catch my breath
