

# True Love is Violent

Allie X

The surface of the water is serene  
But what goes on below?  
Hungry current sucking at your feet  
It won't let go

Tossed 'til we capsized  
Battered and bruised  
Say it's the last time  
We know the truth

Don't know what you got until it's gone  
Don't know what is right until it's wrong  
Heaven could fall and angels swarm  
But hell is ours to face  
Ah-oh  
True love is violent  
Ah-oh  
True love is violent, violent

Stirring in the sugar cubes of salt  
Blue to purify  
Drowning in my body, mind, and thoughts  
My mouth is dry

Tossed 'til we capsized  
Battered and bruised  
Say it's the last time  
We know the truth

Don't know what you got until it's gone  
Don't know what is right until it's wrong  
Heaven could fall and angels swarm  
But hell is ours to face  
Ah-oh  
True love is violent  
Ah-oh  
True love is violent, violent

After the storm  
After the rain  
I'm juvenile  
I'm born again  
(Ahh-ahh)

Don't know what you got until it's gone  
Don't know what is right until it's wrong  
Heaven could fall and angels swarm  
But hell is ours to face  
Ah-oh  
True love is violent  
Ah-oh  
True love is violent, violent
