

D Is For Dangerous

Allison Iraheta

A is for all I want
B is for battling
C is for can't you stay longer
'Cause I want you so maddeningly
E is for no escape
'Cause I don't wanna leave you
F is for falling too fast
With no parachute, oh

And who's gonna save me, now, oh...

You've taken me under
You've stolen my thunder
And I think I'm all out of fire
Want you to win
All that I ever was
Is burning in this lust
Your love is a weapon
And it's turning me to dust
D is for dangerous
D is for dangerous

G for get out of here
It's really too much
H is for how do I leave
When I'm addicted to your love
I is for insane
It smells like danger
J is for jump off the ship
Or the storm will take you

And who's gonna save me, now, oh...

You've taken me under
You've stolen my thunder
And I think I'm all out of fire
Want you to win
All that I ever was
Is burning in this lust
Your love is a weapon
And it's turning me to dust
D is for dangerous
D is for dangerous
D is for dangerous
D is for dangerous

K is for killing me
L is for I can't leave
Oh, 'cause I'll never make it
If I'm not living on the edge
And for the rest
Let's just forget
'Cause I never want out of this...

You've taken me under
You've stolen my thunder
And I think I'm all out of fire

Want you to win
All that I ever was
Is burning in this lust
Your love is a weapon
And it's turning me to dust
D is for dangerous
D is for dangerous
D is for dangerous
D is for dangerous
