Alabama Song

Allison Moorer

Are you going to Alabama Where the trees grow tall and green I'd like to see the gulf of Mexico If you're going, won't you take me

Are you going to Alabama Where the skies shine bright and blue I'd like to see the old Tombigbee If you're going, I want to go with you

Are you going to Alabama Where the folks say "how do you do" I'd like to see those big ol' cotton fields If you're going, I'm going too

I'm ready to run, baby Through the sweet southern pines Lie down in a bed of camellias And watch the sun shine

If you're going to Alabama I could use a change of view But if you're going to California That's alright, any place will do Well, I guess I just want to go with you
