

## Easier To Forget

Allison Moorer

I've heard it said  
Life leaves you memories that are precious  
If that's true, it hasn't left me any yet  
There are none that I've thought of I can cherish  
For me it's easier to forget

Looking back is not the way to mend my heartache  
Remembering only brings me regret  
When I dig up the past, I find a love that didn't last  
So for me, it's easier to forget

I'd hate to think these memories I've been given  
Are the only ones I'm ever gonna get  
Cause it hurts if I try to relieve'em  
For me it's easier to forget

Looking back is not the way to mend my heartache  
Remembering only brings me regret  
When I dig up the past, I find a love that didn't last  
So for me, it's easier to forget

For me it's easier to forget
