

Mockingbird

Allison Moorer

Mockingbird singin' a tune
No one knows shes got the blues
A man alone
Singing her song
Like mockingbirds do

Hangin' on mind to the ground
Ain't nothin' gonna bring her down
Its just her and the sky
She doesn't ask why
So I do you

Worry, ain't no need to worry
She ain't in a hurry no
Shes right where
Shes needs to be

Worry, ain't no need to worry
She ain't in a hurry no
Shes right where
Shes needs to be

For watching the world rolling by
Taking her minute on high
A man alone singing her song
She's doing fine
