

## Where You Are

Allison Moorer

If the light in your sky fades and darkness falls upon  
your face  
When it seems you've lost your way and you can't take  
another day  
I will calm all your fears  
I will dry all your tears  
You'll see it doesn't matter near or far  
Right next door or to the stars  
My heart's already where you are

There's no wall that I can't climb  
No road that I won't walk to find  
Where you wander in the cold I'll get to you and take you  
home  
I'll be right by your side just forget space and time

You'll see it doesn't matter near or far  
Right next door or to the stars  
My heart's already where you are

I'll be right by your side just forget time and space  
You'll see it doesn't matter near or far  
Right next door or to the stars  
My heart's already where you are
